

hi!

May 15 2023

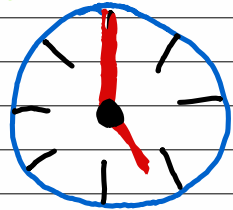

I haven't forgotten you.

Things are better now..

#thanks to you

Where does the time go?

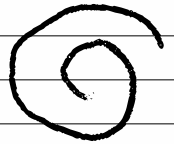

Where have the years been?

I wrote you a letter today  
+ almost didn't send it.

A lie made its way to my mind:

that you are glad I'm gone  
"good riddance" + no goodbyes

ADG

Don't worry, I know better now.

I have tools and tricks, hope in letters,  
texts, phone calls and photos. Boxes  
of reminders and art on walls.
